We've featured many a product for the bathroom here – sinks, vanities, faucets, tubs, you name it. Since bathroom design has come so far in recent years, we decided to roundup some of our favorite bathroom sinks, faucets, tubs and accessories. Here are 12 companies that are doing it well:

The Italian manufacturer **Wet** has introduced a cylindrical pedestal sink named **Fusion II**, designed by Jan Puylaert & Mariandrea Zambrano, that's made out of recycled polypropylene. You can choose from many eye-popping colors, as well as having the optional LED illumination.
